

A SETTING THAT'LL TAKE YOUR BREATH AWAY.
AT LEAST UNTIL YOU SAY I DO.

The Smith Center was built to host the greatest in performing arts from around the world, but truth be told, our weddings are just as spectacular as our productions. The stunning art deco style creates an elegant and sophisticated backdrop to your vows, while our ringing carillon bells add a touch of old-world romance. It's a one-of-a-kind setting that can turn your wedding into a true masterpiece.

Any one of our event venues can accommodate your ceremony depending on the size and style you desire. Take center stage in our magnificent Reynolds Hall or steal the show in our stunning Grand Lobby. Enjoy the lush beauty of nature in our Courtyard or design your perfect setting in our extremely versatile Troesh Studio Theater. The choice is yours, but we will be there to help you every step of the way. We also offer customizable wedding packages to suit your specific needs...
